

# Your peace of mind

- Mobile phone with large buttons
- No screen or confusing menus
- Up to ten contacts with photos
- Dedicated SOS button
- Emergency information on the back
- GPS service to locate your phone

## Why KISA phone?

The phone has one button to answer a call and only needs one button press to make a call. Your numbers are pre-programmed into the phone and can be labelled with a photo or a name. There are no screens to swipe, no numbers to remember and the user does not even have to be able to read.

## Who can benefit from KISA phone?

Elderly people and those with physical or intellectual limitations will benefit from the KISA phone as it is easy to use and light-weight. KISA phone helps those with low eyesight by providing high contrast designs. A charging cradle makes it easy to charge the phone. Our GPS location service allows you to keep track of where your phone and loved one is.

## How can I buy my KISA phone?

To purchase a KISA phone, please go to our website or call us.
