19. Optional Services

- 19.1 From time to time:
 - a. KISA may offer Optional Services as set out in this clause 19;
 - b. the fees for such Optional Services will be as set out on the Website or otherwise advised to you;
 - c. KISA may withdraw an Optional Service at any time on one month's notice, in which case any fees paid for a period after the date the Optional Service is withdrawn will be refunded on a pro-rata basis;
 - d. KISA may increase the fees for an Optional Service on one month's written notice;
 - e. you may request to purchase or stop purchasing an Optional Service on one month's notice, though KISA may in its discretion start or stop your access to an Optional Service sooner, in which case you will be charged accordingly;
 - f. KISA may offer an Optional Service on a stand-alone basis so that you can receive an Optional Service even if you no longer have a mobile Service with us.
- 19.2 GPS Tracking Service
 - a. If you decide to receive this Optional Service, your KISA Handset will periodically send its location to us;
 - b. We store the location information sent by your KISA Handset and enable you to securely access this location information through the KISA Website or through the MyKISA mobile app
 - c. The KISA Handset is not always able to identify and/or send its location, depending on a number of factors including radio interference, location of the handset, adverse weather conditions. The KISA Handset does not send its location when it is switched off, unable to access a cellular data network, or out of power.
 - d. We reserve the right to periodically delete old location information from our servers. You may also request us to delete location information from our servers by contacting us.

19.3 Incoming Call Filter Service

- a. If you decide to receive this Optional Service, you can configure your KISA Handset to either:
 - reject all calls except for a list of approved numbers (**Permitted List**); or
 - accept all calls except for a list of blocked numbers (**Blocked List**).
- b. If you choose to use a Permitted List, all numbers that are not on the Permitted List, including private numbers where the calling service cannot be identified, will be rejected by your KISA Handset;
- c. If you choose to use a Blocked List, all numbers that are on the Blocked List, and private numbers where the calling service cannot be identified, will be rejected by your KISA Handset;
- d. You acknowledge that:
 - a caller on the Blocked List may be able to place a call by using a different phone number;
 - if you use this service, it is possible that legitimate calls, including calls in an emergency, may not be able to be connected to the KISA Handset;
 - this Optional Service relies on caller identification provided in connection with an incoming call and it is possible that the caller identification provided is not accurate (“spoofed”) or malfunctions for some other reason; and
 - regardless of the use of a Permitted List, KISA reserves the right to place certain calls to the KISA Handset, including for the purpose of providing KISA’s services to the KISA Handset.
- e. You can enable and disable this Optional Service, and maintain the Permitted List or the Blocked List, through our Website. Any changes you make are not implemented instantly - any changes will only come into effect once the KISA Handset is switched on and connected to a cellular data network.

19.4 Reminder Service

- a. If you decide to receive this Optional Service, you can request KISA to call the KISA Service number at a scheduled time (Reminder Call) with a computer-generated message or with a message you have recorded.
- b. We will place the Reminder Call at the scheduled time, but it is possible that the Reminder Call will not be placed successfully. This can happen because the KISA Handset is switched off, out of network reception, telecommunications network congestion or failure, or other technical failures. For this reason, this Optional Service should not be used or relied on as the sole method of contacting the user of the KISA Handset.
- c. You acknowledge that Reminder Calls are not monitored, so anything said by the recipient of a Call is not heard or recorded.
- d. KISA reserves the right to place limits on the number of Reminder Calls that can be scheduled per day or to charge additional fees when limits are exceeded, as set out on our Website.
- e. You must not use the Reminder Service to offend or harass any person. KISA reserves the right to review all messages and to suspend or terminate access to the Reminder Service if, in KISA’s discretion, KISA considers that the Reminder Service is not being used appropriately.

19.4 Monitoring Service

- a. If you decide to receive this Optional Service, your KISA Handset can be used to contact KISA in the event of an emergency.
- b. The Monitoring Service is not a replacement for contacting emergency services directly using 000.
- c. KISA will arrange for a contact centre to operate at all times to answer calls placed to the Monitoring Service. The contact centre has trained operators who will respond to the call, speak with the user to identify the emergency and contact emergency service providers or nominated emergency contacts as appropriate.
- d. The Monitoring Service is subject to specific terms and conditions which apply to this service. These terms and conditions must be accepted separately before the Monitoring Service is provided by KISA.

20. NDIS Packages - specific terms

- 20.1 KISA may offer a plan (NDIS Package) that is specific to participants in the National Disability Insurance Scheme (NDIS). The terms and conditions in this clause 20 apply to all NDIS Packages and take priority over any other clause if there is any inconsistency.
- 20.2 Your NDIS Package is billed annually in advance. At least 14 days before the end of the term of your NDIS Package, we will send you an invoice for the next term. If we have a valid payment on file, we will apply that payment method on the anniversary of commencement to renew your NDIS Package for an additional 12-month.
- 20.3 If you wish to cancel your NDIS Package, please contact us and let us know. We will refund service fees (but not device fees) on a pro-rated basis, using the same payment method as you used to purchase the NDIS Package. This means that, if the NDIS Package was paid through the National Disability Insurance Agency (NDIA), or your NDIS plan manager, the refund will also be paid to that organisation. If you paid for your NDIS Package privately, we will pay the refund to you but also inform NDIA that the NDIS Package has been cancelled and refunded.
- 20.4 It is usual that the customer who orders the NDIS Package is not the NDIS participant who uses our services. It is important that customer details are kept updated and, in particular, if the customer no longer cares for the NDIS participant, any new carer's details are provided to us promptly. The customer remains responsible for the use of our services.
